

**The Ohio Society of Health-System Pharmacists
Position Statement on the Legalization of Medical Marijuana**

The Ohio Society of Health-System Pharmacists (OSHP) is in agreement with American Society of Health-System Pharmacists 2011 Policy Position 1101 Medical Marijuana. The Ohio Society of Health-System Pharmacists opposes the legalization of medical marijuana until there is sufficient evidence to support its safety and effectiveness. It is also the position of the OSHP that medical marijuana should be a standardized product that would be subject to the same regulations as other prescription drug products, and OSHP opposes the procurement, storage, preparation, or distribution of medical marijuana by licensed pharmacies or health care facilities for purposes other than research.

Adopted by the House of Delegates May 4, 2012
